INVADER FAMILY CATALOGUE | AUGUST 2023

ENGLISH

All technical information and values (e.g. lumen, output, beam angle or dimensions) correspond to the printing date or the creation date of this document and will not necessarily be updated. All changes and adaptations that serve to improve our products can be carried out without prior notice.

The latest data sheets can be configured at www.prolicht.at

PROLICHT MAKES A DIFFERENCE

If you promise your demanding clients bespoke, high-tech, quality products, you can't have them made just anywhere. We manufacture our products where the best trained technicians, engineers and designers find themselves at home: right in the middle of the Tyrolean Alps.

At the end of the day, it is their skill that makes a difference. And it is their expertise that has made PROLICHT one of the world's most successful premium manufacturers of architectural lighting concepts. Sustainably produced and custom made in Europe.

INVADER FAMILY

One look – boundless possibilities:
With the INVADER spotlight – PROLICHT once again demonstrates the great flexibility of its range. INVADER is characterised by the ease with which it can be configured and tailored to any individual situation – its technical sophistication and its visual identity. Whether you're looking for a WALLWASH or a PENDANT for pleasant restaurant lighting – something to set a dramatic scene in a retail-store or a harmonious lighting solution for a comfortable home – INVADER is a bespoke solution for every demand.

INVADER SURFACE

The surface-mounted version of our INVADER is characterized by its high-quality housing in a compact size: Ø 75 x 125 mm. The driver of the luminaires is despite the small size integrated into the housing and can be configured as DALI or an ON/OFF version. Even Trough-Wiring is possible.

The delicate spotlight INVADER SURFACE is ideal for use as ceiling in residential or hospitality lighting. With the choice of a coordinated beam angle a wide range of lighting moods can be created. Almost endless color combinations give designers extraordinary creative freedom.

INVADER ROUND SURFACE | COLOR 03 CRYSTAL WHITE | KORONA CONE: COLOR 28 ANCIENT BRONZE

INVADER ROUND SUSPENDED

As a pendant luminaire INVADER HANGOVER impresses with the same range of color design options as the other INVADER spotlights. In addition, the power supply cable for the suspended version comes in different colors.

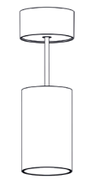
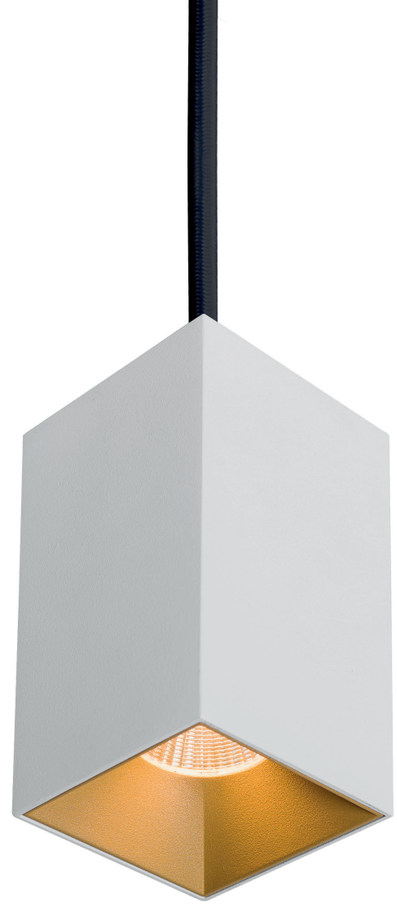
INVADER ROUND SUSPENDED: COLOR 02 BLACK VELVET, COLOR 03 CRYSTAL WHITE, COLOR 19 KISSING APHRODITE | TEXTILE CABLE BLACK | CANOPY: COLOR 02 BLACK VELVET



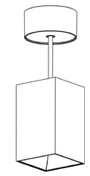
PROLICHT offers a wide range of colors in order to provide the creative freedom needed to tailor any luminaire to the respective overall concept or even set targeted accents.

ALBEROLA ARCHITECTOS | PHOTO: ERLANTZ BIDERBOST | HTTPS://BIDERBOSTPHOTO.COM/



INVADER SUSPENDED

Colors add finishing touches to rooms and offer opportunities to shape the atmosphere. Warm tones create a cozy, communicative environment, whereas cool shades feel sleek, clean, and pure. Colors can be used to set accents, strengthen contrasts, or create a harmonious whole.



INVADER can be configured and tailored by selecting the color of the outside and the cone, the LED, the beam angle and even the color of the power feed cable.

CHOOSE YOUR COLOR

The blanking cone is illuminated in any color only by the scattered light from the reflector and provides architectural accents without distorting the light color. To change the color concept, the cone can be replaced after installation. Whether recessed or surface- mounted spotlights, wall lights or pendant luminaires - with the INVADER product family, complete objects can be equipped in a harmonized overall design.
